Editor's Note

Oh God! Thou art the Giver of Life,
Remover of pain and sorrow,
The Bestower of happiness,
Oh! Creator of the Universe,
May we receive thy supreme sin-destroying light,
May Thou guide our intellect in the right direction.

Hari Om!

At this very moment while remembering the almighty, I am delighted to introduce IJOYAS, an Interdisciplinary Journal dedicated to Scientific and Literary Research in Yogic Science & Allied Subjects. IJOYAS provides a really exciting opportunity to consider the truly interdisciplinary nature of Yoga and its studies going on worldwide.

The objective of IJOYAS is to publish up-to-date, high-quality and original research papers alongside relevant and insightful reviews. It includes technical and professional aspects of Yoga and allied disciplines like Philosophy, Spirituality, Psychology, Human Consciousness, Medical, Paramedical sciences, Health sciences, Therapy, Education, Physical education, exercise and sports sciences, biomechanics, Literary /textual studies, Physiology, Biochemistry etc.

My sincere regards to Sw. Veda Bharati for his blessings and support. I am highly thank full to Dr B R Sharma and all the contributors of this issue. Needless to say, any papers that you wish to submit, either individually or collaboratively, are much appreciated and will make a substantial contribution to the early development and success of the journal.

Best wishes and thank you in advance for your contribution to the Journal. May God give us success; May the Almighty illuminate our intellect to lead us along the righteous path.
